

IPEC

INDIA PROCESS EXPO & CONFERENCE

22-24, AUGUST 2025

HITEX, HYDERABAD

INDIA'S PREMIER PROCESS ENGINEERING EXHIBITION

 www.ipeceexpo.in

Organised By:

INDIA PROCESS EXPO & CONFERENCE (IPEC)

The 4th edition of India Process Expo & Conference (IPEC) is a premier event dedicated to advancing the field of process engineering and technology. This edition will bring together industry leaders, innovators and professionals from various sectors, including manufacturing, pharmaceuticals and biotechnology. Attendees can expect a dynamic program featuring exhibitions, buyer-seller meetings and insightful conferences aimed at fostering collaboration and knowledge sharing.

HIGHLIGHTS OF PAST EDITION IPEC 2024

- 1  **70 Exhibitors** from **8 states** participated in the vast exhibition area
- 2  **12500 Visitors**, including industry experts, decision makers, and stakeholders
- 3  **450 Buyer-Seller Meetings** in a span of three days was organized in a dedicated space
- 4  A diverse array of **Cutting-Edge** process equipment and machinery on display.
- 5  The **Technical Presentation** on various aspects of process engineering by experts at the conference.
- 6  We received a notable delegation from various leading companies like **Hetero Drugs Ltd, Aurobindo Healthcare, Aurobindo Pharma, Granules Ltd** and which significantly contributed to the success of the IPEC 2024. Their participation fostered valuable discussions and collaborations aimed at advancing practices in the process industry in varied sectors.

Why IPEC 2025?

Exclusive Networking Opportunities

Connect with industry leaders and potential business partners.

Latest Industry Trends

Gain insights into emerging technologies and innovations.

Comprehensive Knowledge Sharing

Learn from expert speakers and panel discussions.

Access to Buyer-Seller Meetings

Facilitate direct negotiations and collaborations with key buyers.

Hands-on Product Demonstrations

Experience cutting-edge equipment and solutions in action.

Expand Business Horizons

Explore new markets and investment opportunities for growth.

Opportunity in Telangana

Pharmaceutical Manufacturing Expansion:
Growth in drug production and biopharma sectors.

Chemical Industry Growth:
New projects in chemical manufacturing and process optimization.

Food Processing Industry Development:
Expansion of dairy, packaged food and rice mills.

Renewable Energy Projects:
New solar and wind energy plants.

Textile Industry Expansion:
Warangal Textile Park and other new textile processing projects.

New Water Treatment Facilities:
Development of sustainable water and wastewater treatment systems.

Cement Industry Investments:
Increased production capacity in cement manufacturing.

Biotechnology Sector Expansion:
Growth in enzyme, vaccine and biotech production.

Agrochemical Production Growth:
New processes for fertilizers and pesticides.

Automation in Industries:
Integration of AI and automation in manufacturing processes.

Key Market Insights and Industry Growth Statistics

Pharma & Biotech

Process equipment demand growing at a CAGR of 12% due to increased biologics production.

Chemical Industry

Accounts for 35% of process equipment usage in India.

Petrochemical Sector

20% of total process equipment demand driven by this industry.

Fertilizer Industry

Process equipment market expected to grow by 8% annually due to capacity expansion.

Cement Industry

10% of the global process equipment is utilized in cement production.

Pulp & Paper Industry

Increasing demand for process equipment, growing at 6.5% CAGR.

Metallurgical Industry

Represents 15% of the total market share in process equipment consumption.

Energy Process

- Boilers | ● Turbines | ● Energy Storage For Process Industries.

Manufacturing Processes

- Production Units | ● Catalysts | ● Reactors | ● Refining vessels | ● Injectors
- Machinery For Dosing and Process Intelligence Equipment

Mechanical Processes

- Sievers | ● Pulverisers | ● Conveyors | ● Elevators | ● Stackers

Automation, Instrumentation and Control

- Energy & Material Measurement and Control Equipment Like Gauges, Flow Meters Etc
- Systems for Automatic Control & Monitoring of Operations & Processes
- Data Processing and Industrial Intelligence

Pumps, Compressors, Valves and Fittings

- Industrial Pumps | ● Components and Accessories For Pumping Equipment
- Industrial Compressors | ● Pneumatic Systems | ● Auxiliary Equipment | ● Industrial Valves

Industrial Safety

- Equipment & Aids, Cleaning & Spraying Equipment
- PPE Kits | ● Sterilization & Preservation

Process Aids

- Heat Transfer | ● Filtration Equipment | ● Purification Equipment
- Insulation Systems | ● Filling | ● Sealing | ● Packing and Labelling Equipment

Quality Management

- Analysis and Testing Kits | ● Industrial Lab Equipment
- Lab Information & Management Systems

Value Engineering Services

- Energy Efficiency | ● Alternative Processes
- Capacity Optimization | ● Energy Audits

Material Handling, Warehousing & Logistics

- Material Handling Equipment | ● HVLS Fans | ● Commercial Vehicles | ● Logistics & Supply chain
- Protective Packaging | ● Industrial Lighting | ● Warehouse infrastructure

Visitor Profile

The visitors to the Expo will include key officials, experts, and industry personnel from the government, private sector, and PSUs. The primary profile of the visitors attending the expo would consist of Chemical, Agrochemicals, Pharmaceutical, Food & Agro Processing, Cement, Water & Industrial Water Treatment, Petrochemical, Pulp & Paper, Steel, Machinery & Metallurgical Industry, Special Project Developers, Warehousing, Logistic & Supply Chain Companies etc. from the following industrial sectors.

Pharmaceutical and Biotechnology

Chemical

Petrochemical

Agrochemicals

Food & Agro Processing

Pulp & Paper

Machinery & Metallurgical

Steel

Cement

Water & Industrial Water Treatment

Special Project Developers

Warehousing, Logistics & Supply Chain Companies

“Testimonials,”

“We are an associate partner and sponsor of this event. It provides a fantastic platform to connect and collaborate with relevant individuals and other exhibitors under one roof. Thank you, IPEC, for this opportunity, and we look forward to similar events in the future.”

— Graphite India Limited

“We are very happy with the response we’ve received. We congratulate the organizers for this wonderful expo and would like to capitalize on this platform.”

— Mangalam Worldwide Ltd

“This is our first time participating in the IPEC show, and I must congratulate the organizers for creating a professional environment. It has been very well attended, and we are extremely happy with the footfall we received. We look forward to participating in IPEC in the future.”

— Specialty Products and Services

“IPEC provides a platform for all process companies to showcase their capabilities. At IPEC 2024, we connected with valuable clients and met potential customers, which will help us grow our business.”

— Protech Engineers
